GRADUATION MESSAGE

“Kinasing-kasingnaSerbisyo”

My warm greetings of love and peace to all!

Congratulations to all Grade 12 Graduates of 2018! Same felicitations to the happy and fulfilled parents and guardians, and other stakeholders, who engaged themselves actively and shared responsibilities for this great milestone in the educational journey of our learners. Likewise, to the administrators and staff, who, as stewards of the institution, ensured the enabling and supportive environment for the Teachers to cause effective learning to happen, in spite of the limitations and challenges during the full implementation of the K to 12 Basic Education Program.

It is with high hopes and prayers that, together, we were able to harness the skills and competencies of our dear learners to face life's challenges. The quality of educational services we provided them will spell the kind of life they and their families, as well as their communities will have in the future. Be it in the fields of higher and/or technical skills education; world of work (employment) and world of business (entrepreneurship).

Together we look forward to that. All for the glory and honor of God!

God bless!
