Division Memorandum
 No. 342s. 2015

BY: [Signature] DATE: 11/18/15
 NAME / SIGNATURE

TO : Public Schools District Supervisors
 Elementary and Secondary School Heads
 All Others Concerned

FROM : [Signature] **NATIVIDAD P. BAYUBAY, CESO VI**
 Officer-In-Charge
 Office of the Schools Division Superintendent

SUBJECT : INVENTORY OF SCHOOL WATER SYSTEM

DATE : November 16, 2015

Adequate water supply is an integral part of the educational facilities program of each school. It guarantees all children the right to schools that are safe and protective, that offer potable drinking water, hand-washing facilities and clean, safe toilets.

Adequate supply of clean water can significantly affect the health and well-being of children. The Millennium Development Goals (MDGs) has necessitated the Department of Education to impose measures ensuring provisions of adequate water supply in all basic education institutions across the country.

In support to this endeavor, this Office hereby directed All Public Schools District Supervisors to submit an Inventory of School Water System of the respective district assignment following the hereunder format on November 27, 2015 through the Office of the Division Engineer:

Name of School/s	Water System		Type of Water System	Potable		Remarks*
	Yes	No		Yes	No	

*Should capture salient comments/next steps relative to the subject

The Inventory Report is encouraged to include photo-documentation. School Heads are advised to actively participate in the exercise.

For COMPLIANCE.
