## Background/Rationale

The Institute of Leaders in Educational Advancement and Development (iLEAD) is a non-stock, non-government organization whose founding members share the advocacy of spearheading reform in and through education. Coming from various sectors of the academe themselves, founding members are well aware of the needs of teachers in the Philippines, especially in this crucial transition period where many of our teachers in the elementary and secondary levels need a reorientation and re-tooling to continue to become effective agents in the transformation of the Philippine educational system. As stakeholders in our nation's future through continuing education, iLEAD recognizes the need to provide relevant and quality trainings and workshops for educators by tapping experts in the academe who share the same advocacy and vision of educational transformation. **As of January 2017, iLEAD is an accredited Continuing Professional Development (CPD) provider with accreditation number 2017-026.**

Website: <http://ileadphilis.webs.com>  
email: [ileadcorp.ph@gmail.com](mailto:ileadcorp.ph@gmail.com)

Founded in 2015, iLEAD has conceptualized its line-up of activities by carefully studying the needs of educators vis-a-vis the new curricula in the elementary, secondary and tertiary levels. Though many other organizations have the same objectives and share the same vision, iLEAD has its own pool of experts from various disciplines, and its offerings of seminars, workshops and, in the future, conferences, are products of careful and critical needs and systems analysis to ensure only the highest quality of service for its clientele. After all, we are all stakeholders in education as teachers, parents and students and we all stand to gain in its transformation toward global competitiveness.
