**MEMORANDUM**

To : All Public School District Supervisors  
Elementary and Secondary School Heads

From : Office of the Schools Division Superintendent

Subject: **DESIGNATION OF THE ENGLISH TEACHERS TRAINED IN JOURNALISM AS SCHOOL PAPER ADVISERS**

Date : May 15, 2018

**RELEASED**

MAY 17 2018

NAME/SIGNATURE

DATE

1. Relative to the Division Training-Workshop conducted for trained and untrained school paper advisers on April 26-28, 2018, all the 79 elementary and secondary teachers who participated in the training are to be designated as School Paper Advisers or Associate School Paper Adviser, (if there is an existing School Paper Adviser) effective S.Y. 2018-2019.
2. In line with this, all the seventy nine (79) elementary and secondary schools where these teachers are assigned, are directed to put up school publications this coming school year and to compete during the Division Schools Press Conference sometime in October 2018 at Sindangan National Agricultural School, which is the center of all the districts in the entire schools division.
3. For the big schools, the School Publication Advisers shall not be given an advisory class. However, these may not be applicable to smaller schools. If the school has enough budget, it is expected to come up with a tabloid; but for small schools they are expected to produce newsletters only. These will serve as passports for the students to join in the competition of the individual categories.
4. In addition, all these newly trained School Paper Advisers are expected to contribute articles for the ZN Focus, the division newsletter for its monthly publication effective School Year 2018-2019.
5. Further, this office would like to inform the concerned PSDSs/School Heads that for S.Y. 2019-2020 there are 12 Implementing Units – SE with Agency Code to receive P50, 000.00 journalism subsidy (refer to the enclosed list) to be downloaded direct to the schools from central office/SUB-ARO and another 38 secondary schools (refer to the enclosed list) will receive P19, 500.00 journalism subsidy to be downloaded direct to the concerned schools by the Division Office. These 38 secondary schools regularly participated in the Division Schools Press Conference with tabloid school publications. Some of the regional and national winners emerged from some of these schools. (The subsidies for the IUs and non-IUs are intended for the printing of school papers for both English and Filipino).
6. It is expected that the designation orders of the new school paper advisers in English will be issued to them effective immediately and advise them to guide the Editorial Staff in gathering articles after organizing an editorial board weeks after the opening of classes.
7. For information, dissemination and compliance.
