REQUEST LETTER FOR 2018 INTERNATIONAL MIND EDUCATION SPECIALIST TRAINING

Warmest Greetings from IYFI

IYF (International Youth Fellowship) was founded in 2001, and with the mindset of **Challenge, Change and Cohesion**, has been leading the way to education system. IYF Mind Lectures provide the clear analysis of the heart, desire, self-control, isolation, exchange, wisdom and the world of the heart and the proposes solutions to youth and every individual who live in a materialistically abundant 21st century, however cannot control their hearts and grieve due to unseen pain and depression, and to those who are confused and experienced conflicts in a rapidly changing world with intense competition. The purpose of this event is to revolutionize the idea of leadership by focusing on the importance of having a leader's heart as an educator, being aware of the relevant issues in the country which affect our student's education. We believe that addressing these issues will create the caliber of a leader and educator that is best equipped to lead the future generations and have a positive impact on society.

I, Mr. Gichun Cho, General Secretary of IYF Philippines, I am writing to inform you about an exciting opportunity for Supervisors, Principals, Teachers for professional and personal development that will in return assist them in molding their lives mentors and future leaders.
