Dear **Dr. Borres**:

Greetings!

As an effect of the rapid rise in the use of technology in major industries, most of the occupations that require low-cognitive skills are at risk of being obsolete due to automation. That being an impending reality, the Department of Labor and Employment in collaboration with the National Career Guidance Advocates of the Philippines will be conducting a **Regional Career Advocacy Congress (RCAC) on August 30, 2019 (Friday) at Royce Convention Center, Grand Astoria Hotel, Mayor Jaldon Street, Zamboanga City.**

This career guidance congress will introduce the future of work and its implications to career guidance and the world of work. It will also be an avenue for career guidance advocates and guidance counselor to forge strategies together with key employment generators, government agencies and civil society groups to address the impending fourth industrial revolution or industry 4.0

Anent this, we would like to request for your support and endorsement of this activity through the issuance of a memorandum to the different education institutions under the helm of the Department of Education Region 9 for their Career Guidance Counselors and advocates to attend and participate in the congress.

Your favorable response and support will be highly appreciated.

Thank you and best regards.

Very truly yours,

Ofelia B. Domingo
