DIVISION ADVISORY

September 9, 2019

In compliance with DepEd Order No. 8, series of 2013 this advisory is issued not for endorsement per DO 28, s. 2001, but only for the information of DepEd officials, Principals, Teachers, Students and Pupils as well as the concerned public

TO: Public Schools District Supervisors
Heads, Private Elementary and Secondary Schools
Heads of S and T Oriented (SSP/STEM) Junior High Schools,
Principals of Special Science Program (SSP) recipient schools
Science Coordinators, Science Club Advisers,
Science Teachers, All Others Concerned

From: Pedro Melchor M. Natividad, Ph. D., CSEE
Schools Division Superintendent 

Subject: Conduct of Mobile Sky Dome Planetarium

LJ General Merchandise will be conducting a mobile "Sky Dome Planetarium" to schools wanting to increase awareness, boost interest, and understanding of science concepts which focuses on Astronomy, Space and the Universe for their learners and educators. The above-stated activity centers on the *theme: A Journey into the Outer Space*.

Attached is a self-explanatory letter of Dr. Ray Jay O. Montojo, for reference, and guidance purposes. Dr. Montojo is an educator, community organizer and proprietor of the Sky Dome Planetarium.

Participation of elementary students, secondary students, teachers in both private and public schools shall be on **Voluntary** and subject to the no-disruption-of-classes policy as stipulated in DepEd Order No. 9, s. 2005 entitled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*

For more information, it may be inquired through princessmontojol6@gmail.com or on mobile numbers 0997 457 3877 or on 0935 827 0227.

August 22, 2019

Dr. PEDRO MELCHOR M. NATIVIDAD, CSEE

Schools Division Superintendent
Zamboanga del Sur

Sir,

Shalom...

The undersigned, an educator, community organizer, and a proprietor of Skydome Planetarium registered under LJ General Merchandise, do hereby propose for the conduct of Mobile Sky Dome Planetarium with the theme: A Journey into the Outer Space both for the Public and Private Schools, elementary and secondary. It aims to increase the awareness, boost the interest, and understanding of science concepts principally on Astronomy, Space, and the Universe.

The Mobile Planetarium is an outdoor inflatable skydome (6 Meters in diameter) with a high definition fish-eye projector (full sky projection) capable of holding a classroom of students (60students). This will help students overcome verbal abstractions with realistic projections on its totally dark interior dome. The said activity is good for one hour (orientation, science magic and skydome) per batch 45 – 55 pupils/students so as not to disrupt other classes.

A minimal and reasonable amount of Php. 100.00 will be charged and participation is purely **VOLUNTARY**. The proponent will take charge of the overall management of the activity which includes science magic, dome formatted science videos, lectures via real time full sky projection, handouts and certificates. Funds generated will be used for science programs and projects.

Participation in this activity will reinforce Science learning in an enjoyable and memorable way.

With high regards to your office, we are looking forward for your unwavering support and utmost approval on this learning quest for Science Advancement. You may reach me at 09974573877/09358270227 or thru my email address: princessmontojo16@gmailcom.

Thank you and may the force be with you.

Respectfully yours,

Sgd. Ray Jay O. Montojo, Ph.D.
Proponent
