Dear Sir,

Greetings!

Enrollment in private schools is down across the province. In relation to this, over the past few years, our school had experienced declining enrollment of students interested in a bilingual education. According to our data, our enrollment dropped 40% from the 2016-2019 compared to the high in enrollment of the public schools within our Municipality.

Honestly, our school struggles to stay financially stable as our student populations shrink. To meet "fill the seat" goals and budget requirements, our school was challenged to increase our tuition rates to counter balance the decrease enrollment. These crises are our deepest sentiments that we strongly want to prevent.

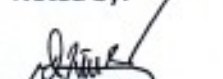

As one of our marketing strategies to meet these challenges, our school has a big need to conduct school campaigns. DepEd being a complementary partner to private schools, we would like to ask your approval on this matter. If given a chance, we would like to pursue the said activity in month of February of the schools mentioned above.

We deeply appreciate your understanding concerning these consequences that our school is facing. May God's grace abound us and our education family circle!

Truly yours,

MICHELLE H. DOMINSO
