WORLD ROBOT GAMES 2022 PHILIPPINE QUALIFYING Regional & National Games

THEME: "GREENER DIGITAL CITIES"

March 23, 2022

DR. RUTH L. FUENTES CESO V, Regional Director
DepEd Region IX
Tiguma, Airport Road, Pagadian City

Dear **DR. FUENTES**:

The Philippine Robotics Team for the World Robot Games is currently preparing delegates for the 2022 World Robot Games - International Championship, which will be held in Taiwan in December 2022.

The World Robot Games National Committee, in collaboration with Data Science and Technology Corporation, De La Salle Santiago Zobel School, Regional Partners, and Inex Robots, is pleased to invite students and teachers to participate in the upcoming World Robot Games Philippines-Regional & National Qualifying Games, which will take place from July 23 to August 30, 2022.

Objectives:

- 1) To improve learners' ability to face and solve gamified challenges that simulate real-life unknown situations and difficulties.
- 2) To motivate students, parents, and teachers to work together to develop student talent for STEM college choices or careers.
- 3) To encourage students to take ownership of their own learning paths and achieve their own academic objectives.

There will be two levels prior to officially becoming part of the Philippine Robotics Team that will compete in the World Robot Games.

- 1) WRG Regional – players will compete online in the Line Tracing, Innovation, and One Minute Games categories. Players from the Regional level will advance to the National Level for ranking and determination of subsidy for the WRG International. Players can also choose to take part in the F2F Sumobot which will take place at a Regional WRG Games Hub. The registration fee is paid on a per team and game categories. Please check out the game rates here: <https://tinyurl.com/WRG2022PHI>.
- 2) WRG National – only the winners from the WRG Regional will be part of the National Level players ranking. **The WRG National is FREE**, players at this level do not need to pay registration fee.
